**CAMP Systems International Inc. Announces Cross-License Agreement  
With Gulfstream Aerospace Corporation**

**RONKONKOMA, NY – August 17, 2007** – CAMP Systems International Inc. today announced that it has reached an agreement with Gulfstream Aerospace Corporation, under which Gulfstream has granted CAMP a non-exclusive, worldwide license to use Gulfstream’s copyrighted maintenance manuals and other materials for the next fifteen years. CAMP has granted Gulfstream a cross-license to use maintenance and reliability data for the Gulfstream fleet on CAMP’s maintenance tracking system.

“CAMP is pleased with our agreement with Gulfstream,” said Ken Gray, Chief Executive Officer of CAMP Systems. “As a result, CAMP will continue to provide owners and operators of Gulfstream aircraft with high-quality and reliable tracking services through our web-based system.”

**CAMP Systems International Inc.** is the leading supplier of aircraft maintenance solutions to the business aircraft market. Founded in 1967, CAMP provides services for more than 5,300 aircraft worldwide. More information can be found online at [www.campsystems.com](http://www.campsystems.com).
